THE OLD COURTHOUSE

The old Courthouse, now Plymouth Public Library, was the first Courthouse in Plymouth, built in 1774. It was erected on the East side of Main Street near our present Boston & Maine R. R. Station on land of Col. David Webster, High Sheriff and owner of Webster Tavern. The family disliked having the stocks and whipping post so near the house and it was moved to a **second location** on the West side of Main Street near Webster Street where it remained in use nearly 50 years.

Old records reveal it was then removed to a **third location** on the East side of South Main Street and used as a wheelwright shop; later remained closed for many years.

It is claimed that Daniel Webster, the famous statesman, as a young lawyer brush marked the floor in the old wheelwright shop and later pointed out the spot to his friends where he made his first plea.

In 1876 Senator Blair realizing the historical value of the old building restored and moved it to its present **fourth location** on Court Street, Plymouth.

He leased the building to the "Young Ladies Library Association" for 99 years to be used as a library.

The building has remained on its present location for 77 years and been in Plymouth 179 years.

AUDITORS' REPORT

Plymouth, N. H.
February 14, 1953

We have examined, as prescribed by law, the books and records maintained by the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Overseer of the Poor, Trustees of Trust Funds, Treasurer of the Library Trustees and Justice of the Municipal Court.

We have verified cash balances and reconciled bank statements for all officials having town business bank accounts. The individual expenditures were verified by comparison of authorization with issued checks.

We have examined the securities of the Trustees and have found such funds to be invested in U. S. Government Bonds or deposited in the Plymouth Guaranty Savings Bank.

We have examined the surety bonds of the Town Treasurer, Tax Collector, Town Clerk, Treasurer of Trustees of Trust Funds, and Road Agent.

We burned one \$600.00 Town of Plymouth Bridge Bond No. 19 and two interest coupons totaling \$24.00.

ROLAND G. MOSES,

MILTON E. PETTENGILL,

Auditors

TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial—for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple—

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER— Only YOU and YOU and YOU can prevent fire!

TEAM WORK WILL DO THE JOB!

STATE OF NEW HAMPSHIRE

WARRANT

To the Inhabitants of Plymouth Village Fire District qualified to vote in District Affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium on Thursday, the twelfth day of March next at 7:30 o'clock in the afternoon to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose three Fire Commissioners for the ensuing year.
5. To choose one Water Commissioner for the ensuing three years.
6. To choose Auditors for the ensuing year.
7. To see what sum of money the District will vote to raise for fire apparatus, supplies, care of fire alarm system, pay of firemen and other necessary expenses of said District for the ensuing year.
8. To see what sum of money the District will vote to raise for fire protection, for the ensuing year.
9. To see what sum of money the District will vote to raise for sewer purposes.
10. To see what action the District will take regarding the salaries of the District Officers.
11. 1. To see if the District will vote to install a water main from Livermore Falls Road so-called at Fred Rowe's Corner along Fairgrounds, also known as Rumney Road to the property line of Merlond McLoud and raise and appropriate money for the same.

2. To see if the District will vote to authorize the Water Commissioners to borrow a sum of money as may be necessary to construct a water main from Fred Rowe's Corner, so-called, along Rumney Road or Fairgrounds Road to the property line of Merlond McLoud and to issue bonds therefor.

12. To see what action the District will take in regard to increasing the minimum amount of water allowable to any user for any semi-annual period, or fraction thereof, for the minimum charge of fifteen dollars (\$15.00) from 20,000 gallons to 35,000 gallons.

13. To see if the Precinct will vote to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws as amended.

14. To see if the District will vote to authorize its Commissioners to borrow such sums of money as may be necessary to pay debts of the District and to give notes therefor, countersigned by the District Treasurer.

15. To transact any other business that may legally come before the said District.

Given under our hands at said Plymouth this nineteenth day of February, 1953.

AUDITORS' REPORT

In Auditing the cash books of the Treasurer of the Plymouth Fire District and Plymouth Village Water and Sewer Departments, we have found the entries therein to be correctly cast and well vouched.

We have prepared reports and summaries which represent the scope of the financial transactions in these departments.

We have examined the surety bond of the Treasurer.

We have burned twelve \$1,000.00 Water Bonds, (Nos. 1 thru 12) totaling \$12,000.00; four \$1,000.00 Sewer Bonds, (Nos. 49 thru 52) totaling \$4,000.00. We also burned the water bond coupons, dated Oct. 1951, Nos. 1 thru 122, 133 thru 300; coupons dated April 1952, Nos. 1 thru 122, 133 thru 300; coupons dated Oct. 1952, Nos. 13 thru 122, 133 thru 300 Sewer Bond coupons dated Jan. 1952, Nos. 49 thru 56, coupons dated July 1952, Nos. 53 thru 56.

Total feet of 6-inch	842		
Total Hydrants placed	20		
Replaced	15		
At new locations	5		

All the cement pipe and wood pipe and most of the 4-in. iron pipe has been replaced.

The pump at the new well was put in service February 11th, 1952, and the pump at the upper station and high pressure tank were put in service August 26, 1952. This equipment is working satisfactory and affords ample supply and pressure over the entire system with the exception of the Livermore Falls sector where the six inch pipe will have to be replaced by a larger one.

The two pumping stations including structures and equipment cost approximately \$47,204.00. The new well cost approximately \$6,575.00 and the new high pressure 300,000 gallon tank cost approximately \$22,835.00.

We have been told that the district will get a substantial reduction in insurance rates due to the building of our new water system.

During the year of 1952 we spent \$77,323.17, making a total of \$311,826.60 as of December 31, 1952. There are still some bills outstanding which will be recorded in the 1953 report.

P. DiMascio & Son, Inc., who had the contract for laying of the pipe failed to complete the work during the contract period, and left Plymouth in the early part of 1952.

DiMinico & Pallotta, Inc., were employed to complete the unfinished work of the P. DiMascio & Son, Inc., contract. As P. DiMascio & Son, Inc., were bonded for the full amount of their contract it has been necessary to bring suit against the bonding company for cost of the unfinished work under the contract. Attorney Robert G. Wakefield is employed by the Commissioners to handle the case. We expect to recover the amount necessary to cover the cost of the completed work.

There are several minor things to be done which we expect to complete with our own force.

SEWER DEPARTMENT

During the year of 1951 a total sum of \$50,000.00 was voted for the purpose of constructing a sewer from the junction of the Fairground Road and the D. W. Highway (Route 3) along the D. W. Highway to the Campton Line. This project was completed in the spring of 1952 at a total cost of \$48,678.51 as follows:

Laying of 4699 feet of 8' V. C. sewer pipe and constructing 20 manholes	\$ 44,419.30
Engineering service and supervision	4,219.83
Blue Prints	30.00
Interest Charge	9.38
	<hr/>
	\$ 48,678.51

The \$50,000 was borrowed from the Pemigewasset National Bank on long term notes covering a period from February 1, 1952 to February 1, 1967 at 2%.

At an adjourned meeting held May 6, 1952 under Article 10 of the Annual meeting of March 13, 1952 it was voted to raise \$2,000. under this Article which had to do with the Cummings Street sewer. The necessary work was completed in October as follows:

Constructing three manholes on Cummings Street and one manhole at the junction of Langdon and Pleasant Streets also replacing several feet of V. C. sewer pipe	\$ 1,986.16
Engineering services and supervision	146.50
	<hr/>
	\$ 2,132.66

It is hoped that those living on Cummings Street will have no further trouble.

At the Annual Meeting held March 15, 1951 \$4,500 was voted under Article 9 to lay water and sewer pipe along Randolph Street.

Beginning at Merrill Street 186 feet of 8' V. C. sewer pipe was laid along Randolph Street at the cost of \$1,085.74.

There was also 191 feet of six inch water pipe laid on Randolph Street (See Water Report).

There is a balance of \$1,642.88 in this account to be used to extend sewer and water lines along this Street.

SUPERINTENDENT'S ANNUAL REPORT

To the Plymouth School Board:

My tenth annual report herewith submitted discusses only topics of general interest without going into detail about either the high school or the elementary schools. It is assumed that the principals of these schools will report necessary details of operation.

At the end of school in June 1952, Mrs. Thelma Hawkins resigned as teacher of Home Economics. Miss Mildred J. Drew was chosen as her successor. Mr. Francis J. Landry requested and was granted a leave of absence for two years to enable him to accept appointment to a government teaching position in Germany. Ruric W. Jordan was chosen as his successor. In August Mr. Elliott Keach asked for release from his contract in order to accept the position of superintendent of schools in supervisory union No. 60 at Walpole, N. H. The release was granted and Mr. George C. Zoulias was chosen as his successor. In my entire supervisory experience, I have never more regretted the loss of services of any teacher than in the case of Mr. Keach.

The Pilot Program in resource use education is being continued during the present year. We believe it is progressing along sounder lines because of a year's experience and the intensive planning done by our group of teachers in the three-day workshop held last May. Our program has been recognized not only in New Hampshire but in many other sections of the nation as well. In this work, Plymouth High School occupies first position. The continued cooperation and interest of all parents is earnestly requested.

We should like to have more frequent school visits by parents than we have had. The school is anxious to work with them in order that together we may better serve the young people who come to us.

Tuition charges in the high school are based on enrollment and costs of the previous year. Since school costs, like everything else, show an upward

trend, tuition rates must be adjusted upward. For the school year 1953-54 the tuition charge will be 260 dollars.

The expected saving in fuel by putting in a direct steam line to the auditorium in the Guy E. Speare school is being realized. It is now possible to send steam into the auditorium or into classrooms without heating parts of the building that are being unused at the time. It is too early yet to know what the actual saving will amount to, but there is every reason to expect it will be several hundred dollars each year.

Full-time janitor service is now provided for each of our three school buildings. Part-time service in any building proved to be unsatisfactory because of the amount of work involved and the extensive use made of the buildings.

New window shades have been installed in the Speare Auditorium which add much to appearance as well as to convenience. Renovation of the drop curtains on the stage has been accomplished. After 14 years of use, it can be expected that the big curtain in the front of the stage will have to be replaced before too long.

Window shades on the sunny side of the Speare School should be replaced when finances permit. Time and constant exposure to direct sunlight have made them brittle and caused deterioration which make replacement desirable at an early date. When this is done, the desirability of Venetian blinds should be looked into.

The annual need for repair and renovation of rooms in the high school is greater than can be made in any one year. For several years a policy of meeting the most urgent needs has been followed. Continuation of that policy should eventually put the high school in satisfactory condition.

My conclusion is an expression of commendation for the interest and untiring work of the school board; the cooperation of teachers and parents is much appreciated. Whatever measure of success has been recorded in Plymouth schools is due to the willingness of all concerned to discover how we may more effectively meet the needs of our young people.

Respectfully submitted,

ARTHUR S. ROLLINS.

PRINCIPAL'S ANNUAL REPORT

To the Superintendent of Schools:

I herewith submit my first annual report as principal of the Plymouth High School.

"I think with you, that nothing is of more importance for the public weal, than to form and train up youth in wisdom and virtue.—Wise and good men are, in my opinion, the strength of a state far more so than riches or arms." Benjamin Franklin, 1750.

The above quotation, by Benjamin Franklin, fits the situation today as much, perhaps more, than the early times of our country.

Education is in need of support from many sources. It needs financial assistance to equalize the opportunities for the younger generation throughout this whole nation of ours. It needs a watchful eye so that the control of education will not fall into the hands of communists or other subversive groups. It needs to recruit high school graduates with high ideals and a love for children to take up teaching as a profession.

Education is one of the most expensive items of our budget, and as time goes by, will continue to grow. The position we should take in the matter is whether we are doing enough for our children.

Only through good schools can we hope to maintain and improve our standard of living. Only through good schools can we hope to know what "Freedom" is, and be able to keep the communists from spreading lies and filthy propaganda in our country.

We have been accredited by the New England College and Secondary School Association. Plymouth High School is fortunate in having an excellent faculty to teach the students of this area. I sincerely hope that they will remain with us for many years.

Our program of studies has not changed this year, but we are constantly studying our offerings and trying to improve them.

Our physical education department is continuing in popularity and improvements are noticed in our athletic contests.

The activity program of Plymouth High School continues to be one of the best in the state.

I wish to express my appreciation to the School Board, Superintendent Rollins, teachers, pupils and citizens for their help and cooperation during the past year.

Respectfully submitted,

GEORGE C. ZOULIAS,

Principal

PLYMOUTH ELEMENTARY SCHOOL REPORT

To the School Board, Superintendent of Schools,
Parents and Citizens of Plymouth:

This year has seen a further increase in the enrollment of the school. Last year the average membership for the first half year was 430. This year it is 452. The membership has varied considerably from week to week due to families moving from town and others coming in. Our highest number for a week was 463 and the lowest 441. Attendance has been good in the upper grades but chicken pox has interrupted the school life of many children in the lower grades.

Besides the regular staff, whose duties are known to you, we have three other people who help in various ways. Miss Seavey has charge of our testing program and helps with remedial reading; Mrs. Leahy teaches sewing in Junior High School; Mr. Jorgensen is training two bands, an intermediate and a beginning one.

In addition to many new text and reference books, we have 152 new books, some new records, and new film strips in the library. A projector, screen, and record player were bought for Memorial School. A room in Rounds Hall has been renovated for the use of the Arts and Crafts and Industrial Arts classes in Junior High School.

The teachers have carried on two studies during the year. The first one had to do with the curriculum and the results have been compiled and are available to anyone who wishes to know about our program. Another study on spiritual and moral values was developed. We have on file the methods used by us to inculcate principles which are so vital to the well-being of children who live in today's complicated world.

The student council deserves praise for its activities. Nearly \$200 was raised for the playground fund on Election Day. Patrols serve willingly and efficiently in all weather. Older children help with the younger ones during lunch hour in a capable, patient manner.

Mr. Nelson Jacques and a committee of fathers have supervised the care of playground equipment and we acknowledge their help with thanks.

Open House was held during American Education Week. There were reading demonstrations, book exhibits, a showing of children's work, and conferences with teachers.

Parents have been entertained by children and their teachers in different rooms and in different ways.

Teachers have taken extension courses, worked on educational committees, attended conferences so they may better serve the children and you.

The school is yours. You are welcome at all times and we invite your help and cooperation. We thank you all for the many ways you have joined us in making a better life for our children.

Respectfully submitted,

STELLA H. DURKEE

REPORT OF SCHOOL NURSE

To the Plymouth School Board:

My yearly report, which covers the period of the school year 1951-1952, is herewith submitted to you.

727 children were weighed, measured and inspected and symptoms of these defects were found:

Dental (serious)	164
Tonsils	66
Vision	71
Nutrition	16
Hearing	23

The High School pupils and the Kindergarten were examined by the School Physician, Dr. McIver, and the findings are included in this report.

These corrections of defects were reported made:
Dental 312

It is evident that other defects were found on visits to dentists

Tonsils	38
Vision, new glasses and lens changed	76
Appendix operations	4

The children had very few childhood communicable diseases this year and except for a period of colds and virus infections the attendance was very good.

These communicable diseases were reported:

Chicken pox	11
Measles	1
Mumps	1

Several skin diseases and cases of pediculosis occurred.

Through the New Hampshire Tuberculosis Association, 160 skin-test patches were applied to High School pupils with two reactions which were found negative of active tuberculosis when x-rayed. 212 pu-

pils were x-rayed at the State mobile unit held at the Court House in November, all of which were reported negative. Fourteen other children had x-rays at the regular Tuberculosis Clinics.

Dental Clinics, sponsored by the local Red Cross, were held from February 1st through May. Thirty-seven children were treated at 58 dental calls; 44 fillings, 40 extractions and five cleanings were done.

Eight children had tonsil operations through agencies.

Three children had eye examinations and glasses through the Sight Conservation Program.

The children had their hearing checked with the audiometer and 23 were advised to see their physicians.

Forty-one children attended the Kindergarten Registration Day and had physical examinations by the school doctor and dental check-ups by Dr. Crowell.

Up to date, January 1953, the High School pupils and children in the Kindergarten and First Grades have had physicals by the School Physician. All the remaining children have been weighed and inspected.

The Hot Lunch Program, sponsored by the Parent-Teachers Association, still proves its efficiency and popularity by the large number of pupils who take advantage of it.

I enjoyed taking the Teaching Course on Home Nursing given by the Red Cross for School Nurses in this vicinity.

This chance is welcomed to thank the School Board, Superintendent Rollins, parents, teachers and pupils for their interest and help.

Respectfully submitted,

ANNA M. LOVETT, R.N.
